MAIZE CITY COUNCIL REGULAR MEETING MONDAY, JUNE 16, 2014

AGENDA ITEM #7A

ITEM: UTILITY INCENTIVE REVIEW

BACKGROUND:

The Utility Incentive program was implemented in October of 2009 to boost new home starts in the City of Maize. The current program is a tiered utility credit with levels of \$2,000, \$4,000 or \$6,000 depending on the cost of the home. This incentive, along with the property tax program, has provided the basis for the most successful housing market in the State.

After reviewing the housing market, city utility reserves and other budget related items, staff has concluded that it is time to revisit the program and consider the following recommendations:

- 1) Reduce the utility incentive amount to \$1,000 for each new home purchase beginning July 1, 2014.
- 2) Eliminate the Utility Incentive Program on December 31, 2014.

FINANCIAL CONSIDERATIONS:

While the current utility funds and reserves continue to improve, the elimination of the utility incentives will assist in expediting the overall improvement of the utility funds. An update of these funds will continue to be provided as the incentives are phased out.

LEGAL CONSIDERATIONS:

None

RECOMMENDATION/ACTION:

Approve the reduction of all current utility incentives to the amount of \$1,000 for each new home beginning July 1, 2014 through December 31, 2014 and the elimination of the program for 2015.

MAIZE CITY COUNCIL REGULAR MEETING MONDAY, JUNE 16th, 2014

AGENDA ITEM #8A

ITEM: Manufactured/Mobile Code

BACKGROUND:

A committee consisting of members: Councilmember Alex McCreath, Planning Commissioner Andy Sciolaro, Pat Longwell, Jeff Greep and Rebecca Bouska, developed an ordinance that will improve the living conditions and safety for the residents in the Maize Mobile Home/Manufactured Home Communities.

The ordinance goes into some detail. Highlights of the policy include:

- Permits will be required to set a manufactured home
- Mobile homes constructed before June 15, 1976, by state statute, cannot be moved and relocated within the State of Kansas. They can only remain in place or be moved out of state
- The parks will be licensed (\$20 per lot annually)
- It outlines the development procedures for new parks and requires:
 - paved off-street parking
 - paved patios
 - paved roads, lighting, landscaping
 - storm shelters
 - community-wide refuse disposal
 - and more

Existing parks must be licensed in 90 days.

The homes will be numbered with street and lot addresses.

Paved roads, parking, patios, refuse disposal, and storm shelters will be required for existing parks by 2016.

FINANCIAL CONSIDERATIONS:

A \$20 fee per lot will be assessed on the current Parks. Rolling Meadows would pay \$1,140 (57 lots) and Sunflower Village would pay \$640 (32 lots).

LEGAL CONSIDERATIONS:

Ordinance was drafted by committee and final changes were provided by our City Attorney. City attorney approves the ordinance as to form.

RECOMMENDED ACTION:

Publish and adopt the ordinance creating Chapter 12 of the Code of the City of Maize, Kansas relating to Manufactured/Mobile Home Park Code for the City of Maize, Kansas.

Summary of this Ordinance published in the *Clarion* on , 2014.

MAIZE CITY COUNCIL REGULAR MEETING MONDAY, JUNE 16, 2014

AGENDA ITEM #8B

ITEM: MAIZE ROAD FINANCING – CHARTER ORDINANCE

BACKGROUND:

The city is considering financing a portion of the Maize Road project with a combination of general obligation bonds and revenue bonds. The revenue bond statutes (K.S.A. 10-1201 et seq.) have some limitations on issuing revenue bonds (for example, publishing a notice before contracts are entered into, or requiring a project to be put to a public vote, etc.). The city, through its constitutional "home rule" powers, can exempt itself from these limitations using a charter ordinance. Charter ordinances must be approved by 2/3 of the entire governing body (counting the mayor), published twice (over 2 consecutive weeks) and are not effective until 61 days after last publication (subject to a protest petition).

FINANCIAL CONSIDERATIONS:

By issuing revenue bonds (in addition to general obligation bonds) to finance a portion of Maize Road, the city can reduce its general obligation "debt-to-valuation" ratio that underwriters and banks often look at when bidding on the city's bonds. Of the approximately \$4.1 million of Maize Road debt, roughly \$1.2 million could be issued as utility revenue bonds.

LEGAL CONSIDERATIONS:

Bond Counsel (Kim Bell) has prepared the charter ordinance exempting the city from K.S.A. 10-1210 (which contains various limitations on issuing revenue bonds).

RECOMMENDATION/ACTION:

MOTION: Move to approve the charter ordinance exempting the city from K.S.A. 10-1210.

(A charter ordinance requires approval by 2/3 of the governing body, including the mayor's vote.)

(Published in the Clarion on June 19, 2014 and June 26, 2014)

CHARTER ORDINANCE NO.

A CHARTER ORDINANCE EXEMPTING THE CITY OF MAIZE, KANSAS FROM K.S.A. 10-1210 AND PROVIDING SUBSTITUTE AND ADDITIONAL PROVISIONS ON THE SAME SUBJECT RELATING TO THE ISSUANCE OF UTILITY REVENUE BONDS.

WHEREAS, Article 12, § 5 of the Constitution of the State of Kansas (the "Act") empowers cities to determine their local affairs and government and provides that such power and authority granted thereby to cities shall be liberally construed for the purpose of giving to cities the largest measure of self-government, including passing charter ordinances which exempt such cities from non-uniform statutes and acts of the Kansas Legislature; and

WHEREAS, the City of Maize, Kansas (the "City") is a City, as defined in the Act, duly created and organized, under the laws of the State of Kansas; and

WHEREAS, K.S.A. 10-1210 is part of an enactment of the Kansas Legislature (K.S.A. 10-1201 *et seq.*) relating to the issuance of bonds paid exclusively from revenues derived from the operation of an utility, which enactment is applicable to the City, but is not uniformly applicable to all cities within the State of Kansas; and

WHEREAS, the governing body of the City desires, by charter ordinance, to exempt the City from the provisions of K.S.A. 10-1210 and to provide substitute and additional provisions therefor.

NOW, THEREFORE, BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF MAIZE, KANSAS:

Section 1. Exemption. The City of Maize, Kansas, by the power vested in it by Article 12, Section 5, of the Constitution of the State of Kansas, hereby elects to exempt itself from and make inapplicable to it K.S.A. 10-1210, and does hereby provide the following substitute and additional provisions in place thereof:

The governing body, by a two-thirds vote of the members thereof, may contract for or make repairs, alterations, extensions, reconstructions, enlargements or improvements of any of its municipally owned utilities and issue or cause to be issued revenue bonds in payment of the cost thereof without submitting to a vote of the electors of such municipality the proposal to contract for or to make such repairs, alterations, extensions, reconstructions, enlargements or improvements and to issue such bonds in payment of the cost thereof: *Provided*, That such alterations, extensions or improvements will not cause duplication of existing utility service furnished by a private utility.

Section 2. Severability. If any provision or section of this Charter Ordinance is deemed or ruled unconstitutional or otherwise illegal or invalid by any court of competent jurisdiction, such illegality or invalidity shall not affect any other provision of this Charter Ordinance. In such instance, this Charter

Ordinance shall be construed and enforced as if such illegal or invalid provision had not been contained herein.

Section 3. Effective Date. This Charter Ordinance shall be published once a week for two consecutive weeks in the official City newspaper, and shall take effect sixty-one (61) days after final publication, unless a petition signed by a number of electors of the City equal to not less than ten percent (10%) of the number of electors who voted at the last preceding regular City election shall be filed in the office of the Clerk, demanding that this Charter Ordinance be submitted to a vote of the electors, in which event this Charter Ordinance shall take effect when approved by a majority of the electors voting at an election held for such purpose.

[BALANCE OF THIS PAGE INTENTIONALLY LEFT BLANK]

PASSED with at least a two-thirds (2/3) vote of the entire governing body of the City of Maize, Kansas, on June 16, 2014 and **APPROVED AND SIGNED** by the Mayor.

MAIZE CITY COUNCIL REGULAR MEETING MONDAY, June 16, 2014

AGENDA ITEM # 8C

ITEM: Wastewater Plant Study

BACKGROUND:

The Maize Wastewater Plant began operations in 1998. On going upkeep, maintenance, and some upgrades has kept the plant in good working order. The plant is currently working at about 60% of capacity.

According to KDHE when the capacity reaches 80% a plan for expansion needs to be in place. Accordingly, to expand the plant a financial plan needs also to be on place.

Step one toward the eventual expansion of the plan is to determine several things. For example:

- 1. Establish the basis of design for improvements
- 2. Evaluated current plant operations and how it could be enhanced
- 3. Look at improvement alternatives
- 4. What costs are involved for improvements.

Public Works Director, Ron Smothers, has researched certain companies that have the expertise to provide the City with the information required to move forward in the plant improvement process. Two companies submitted proposals to conduct a study and provide input regarding the Wastewater Plant.

- 1. Wilson Company in Salina at a cost of \$73,700
- 2. MKEC Company in Wichita at a cost of \$55,000

Ron recommends MKEC to provide the study and evaluation of the Wastewater Plant. Proposal is attached for your review.

FINANCIAL CONSIDERATIONS:

Cost is \$55,000 for the MKEC proposal. It would be paid for from the Wastewater Reserve fund.

LEGAL CONSIDERATIONS:

City Attorney has reviewed and approved the contract as to form.

RECOMMENDATION/ACTION:

Approve the MKEC contract in an amount not to exceed \$55,000 including expenses and authorize the Mayor to sign.

- Evaluation of wet weather flow events, available equalization storage, and plant turn-down/up capability
- Bio-solids disposal plan
- KDHE discharge permit limits and potential changes

Using this information, the design criteria for the plant improvements will be established.

Task 2 – EXISTING WWTP EVALUATION

Each existing treatment process unit will be described and evaluated with regards to physical deficiencies (e.g., structural integrity, reliability, state required redundancy, etc.), existing and designed capacity (hydraulic and solids loading), existing and proposed capacity deficiencies and operational concerns (e.g., instrumentation, electrical power, HVAC), including:

PUBLIC WORKS REPORT 6-6-2014

Regular Maintenance

- Graded all streets several times this past month. Have had quite a lot of rain recently which is great. We just have to grade the gravel streets more often. Mowed a great deal this past week. Trying to keep up with everything.
- Continue to check the water quality and lift stations daily. Read water meters every month. It will be great to be able to have most all of the water meters read electronically hopefully by cold weather. It should cut down on time a lot and when it is extremely cold we won't have to open the lids.
- Crack-sealing more streets to finish up before the slurry-seal company gets here. Hope to have them done in the next couple of weeks.

Special Projects

- We will be preparing the plan for the WWTP upgrades as soon as we get the information from MKEC. Don't know how long it will take them to get their study together but we need to get moving on this.
- Finished installing the flag bases for the flags along Maize Road. A lot of positive comments about how good they look. We will put them up again 6-12-2014 for Flag Day 6-`14-2014. Then again before the Fourth of July.
- We have cleaned up the corner of Khedive and Central. Have also installed new RR ties along part of the hill and will install steps and more ties just north of the playground as time permits. All of the poles around the baseball field and skatepark are being removed at this time. We borrowed the schools lift and trimmed trees throughout the park. Have talked to several contractors about the skate park building. Should have something to tell you about on that soon.
- I am working on getting prices for the repairs on 45th from Maize Road to Tyler Road. I will probably have to get the worst done this year and complete it next year. We will see how the prices come in.
- I am also trying to get some prices for the new maintenance Shop Building even though we are not exactly sure when we will be able to build it. At least you will know what we are looking at for costs.

PLANNING ADMINISTRATOR'S REPORT

DATE: June 16, 2014

TO: Maize City Council

FROM: Kim Edgington, Planning Administrator

RE: Regular June Council Meeting

The following is a summary intended to keep the Council apprised of the status of ongoing planning projects:

- Watercress Village The developer has decided to withdraw his request to build an 8-foot concrete wall along the south property line of Watercress Village. However, the developer did request that the Planning Commission approve a revised design for the wall along the west property line of Watercress Village. This revised design for an 8 foot decorative concrete wall was approved by the Planning Commission at their June 5th meeting.
- 2. Stover's Restoration zone change Stover's has purchased the three lots directly south of the post office to use for overflow parking. The property is currently zoned Single Family residential, therefore a zone change will be required for this use. The Planning Commission recommended approval of this request at their June 5, 2014 meeting. The Council will review the request at their July 21st meeting. There are several conditions recommended by the Planning Commission, including: limiting uses to only Commercial Parking, restricting the parking to passenger vehicles only, requiring screening, landscaping and lighting with the design to be approved by the Planning Commission.
- 3. 45th & Maize zone change the property owner of the 3 acres at the southwest corner of 45th & Maize is requesting a zone change from Single Family SF-5 to Limited Commercial LC. The Planning Commission recommended approval of this request at their June 5, 2014 meeting. The Council will review the request at their July 21st meeting.
- 4. General planning issues I continue to meet, both on the phone and in person, with citizens and developer's representatives requesting information on general planning matters, such as what neighboring property owners are planning to do, what they are allowed to do on their property, and what the process is for submitting various applications and materials to the Planning Commission.
