NEW BUSINESS – PLANNING COMMISSION

Z-04-016-ZONE CHANGE REQUEST FOR – APPROXIMATELY 0.42 ACRES FROM LI LIMITED INDUSTRIAL TO MF-18 MULTI-FAMILY RESIDENTIAL AT 404 W IRMA

Edgington explained that the property is currently zoned as Limited Industrial. The current Zoning Code does not allow any type of residential structures within LI zoning making the current structure a legal non-conforming use. The property owner would like to rezone to MF-18 multi-family residential to accommodate the existing use and to allow the addition of a du-plex or tri-plex.

- **MOTION:** *Wilks* moved to approve Z-04-016 zone change for approximately 0.42 acres from LI Limited Industrial to MF-18 Multi-family residential subject to the following findings:
 - 1. <u>The zoning, uses and character of the neighborhood</u>: This property is located within an area that is currently residential in character, with small-scale mixed commercial and multi-family uses nearby. The type of proposed use could be compatible with existing development in the area.
 - 2. The suitability of the subject property for the uses to which it has <u>been restricted</u>: The property is zoned for industrial but has remained undeveloped for many years under its current zoning.

- 3. Extent to which removal of the restrictions will detrimentally affect nearby property: There are no expected negative effects on nearby properties.
- 4.<u>Conformance of the requested change to the adopted or recognized</u> <u>Comprehensive Plan and Policies</u>: The City of Maize Comprehensive Plan contemplates that this property is appropriate for urban residential development.
- 5.<u>Impact of the proposed development on community facilities</u>: The requested zone change would introduce an appropriate land use to this area. The City's municipal service systems have been designed to adequately support this type of development. Municipal water and sewer service are available at this location.

And subject to the following protective overlay set forth by commissioners:

Property will be limited to a maximum of 6 units.
 Wilks seconded the motion.
 Motion carried unanimously.

ADJOURNMENT:

MOTION: With no further business before the Planning Commission, *Downes* moved to adjourn. *Wilks* seconded the motion Motion carried unanimously.

MAIZE CITY COUNCIL REGULAR MEETING MONDAY, January 16, 2017

AGENDA ITEM # 8A

ITEM: Tyler Road Speed Limit

BACKGROUND:

The City is faced with an ever-increasing amount of daily vehicular traffic on city streets. Many of the major roadways were never designed or engineered to handle the volume of traffic that currently drives on them.

As a result of this issue the City has taken several steps to improve driving safety:

- Several streets have been redesigned and upgraded.
- Modification of speed limits, street markings, enhanced signage and stepped up traffic enforcement in high traffic risk areas is an ongoing process.

The intersection of 45th Street & Tyler Road remains a concern for serious traffic accidents. Several steps are underway to assist in the driving safety and in reducing the severity of accidents and injuries at this location:

- Street markings have been enhanced and no-passing lines at the intersections have been completed.
- Flashing lighted stop signs have been installed on 45th Street.
- Flashing caution lights are on order and will be installed on Tyler Road for North & South bound traffic.
- Traffic enforcement has also been increased in an effort to slow traffic down.

During the calendar years of 2016 & 2017, Maize PD worked fourteen accidents at the 45th & Tyler intersection. All were major damage accidents, six were injury accidents and half of those injuries were serious to critical in nature.

Currently the Tyler Road speed limit is 55mph. It's recommend this be reduced to 45mph in an additions effort to reduce the severity of accidents along the roadway.

FINANCIAL CONSIDERATIONS:

None

LEGAL CONSIDERATIONS:

City attorney is drafting the legal instrument to reduce the speed limit to 45mph. It will be provided to you via e-mail when received.

RECOMMENDATION/ACTION:

Adopt the ordinance that amends the City Code 14-102 reducing the speed limit on Tyler Road from Candlewood Street on the south to 53rd Street on the North.

OFFICER'S REPORT 01/02/2017

ATTENTION: Chief Jensby (through channels)

SUBJECT: 2016 4th Quarter Investigations Report (January – December)

Below is a summary overview of crimes defined by the Uniform Crime Reporting (UCR) program reported to the Maize Police Department in 2016 as compared to 2015.

The UCR Program has been the starting place for law enforcement executives, students of criminal justice, researchers, members of the media, and the public at large seeking information on crime in the nation. The program was conceived in 1929 by the International Association of Chiefs of Police to meet the need for reliable uniform crime statistics for the nation.

In general, Maize saw an overall increase in the number of Part 1 offenses reported in 2016. This can be contributed to both the growth of the city as well as a full year of policing and reporting of crimes occurring on USD 266 campuses.

DEPARTMENT STATISTICS:

UCR Part 1 Offenses

* For reporting purposes, crimes against persons are counted by number of victims.

* For reporting purposes, crimes against persons are counted by number of victims.

**For *department* reporting purposes, clearance rates are calculated by arrest and/or when charges are filed and a warrant is drawn. This differs from the UCR clearance definition.

***The number of drug offenses is lower than previous years due to a change in the way the number of charges are reported in the new RMS system. For purposes of this report, we are only tracking the highest crime classification v. all included offenses. For example, under the previous reporting method used in 2015, we would count a possession of marijuana and possession of paraphernalia on one case as two counts, whereas we are now just reporting possession of marijuana. The new number reflects the total number of drug cases v the number of drug charges. This method differs from UCR reporting which counts by offense. Using the method reported previous years, the number of drug charges was approximately 72 in 2016.

SCHOOL STATISTICS:

In 2016, the Maize Police Department made a total of 117 cases at the various USD 266 schools. This is an increase of 55% increase over the 52 cases made in 2015 when the Maize Police Department assumed full responsibility for the policing of USD 266 schools on July 1, 2015. Below is a summary of the number of cases by school.

MAJOR DEPARTMENT ACCOMPLISHMENTS:

The MZPD successfully implemented a new Records Management System in February 2016. The product, known as Enterpol, was purchased from Huber and Associates who provides the same RMS to several other agencies in the state of Kansas. One huge advantage of the system is the ability to share data between participating agencies as well as the ability to better track cases, crime trends, and crime mapping through RAID online.

PUBLIC WORKS REPORT 1-10-2017

Regular Work

- Graded 61st and north Tyler Road. Pick up and burn brush.
- Pick up and help Sue distribute commodities.
- We do locates, check the water and lift stations every day. Matt has had some new water line maps made for KDHE and for us so that we can locate and sample water over a more diverse range of the city. KDHE wants this so that our water samples are a better example of the whole city.
- Sweep streets, install water meters, inspect sewer lines and work with the many contractors that are building in our city.
- Will install the new signage along Tyler Road when we get the new signs. Think it will be a lot safer driving Tyler Road through 45th St when they are installed.

Special Projects

- We continue to work with MKEC on new equipment for the new phase of the WWTP. We will work to get the best screen, pumps, and other pieces that make up Phase 1 that we can. We are looking at versatility, maintenance, cost, and longevity.
- We have cleaned up the detention pond behind Kwik Shop. A lot of small trees and grass that we were not able to get to all summer because of the amount of rain we had. I am working with the State of Kansas to get the trees along the fence either cut down or trimmed up. We will see how that goes.
- Graber Excavation has gotten most of the back 5 acres of the Cemetery leveled up. Some of the area was so wet that it has to dry out before they can do final grading. Then, we hope to get everything laid out to be able to install fences, corner markers for the blocks, and perhaps sidewalks.
- Graber excavating will be working on the pond east of City Hall this summer so we can better utilize the pond area. We may have a walkway, park/resting area there as well.
- The bathroom at the park is getting closer to completion. When it is done we will install sidewalks, and benches.
- The walkway along 45th from Derringer to Maize Road is about to begin. Should go pretty quick once the work begins. Had a walk through with the contractor yesterday to lay everything out.

CITY OPERATIONS REPORT

FROM: Richard LaMunyon-Becky Bouska-Sue Villarreal-Jolene Graham

RE: January Report

1) 2017 Outlook

All indicators point to 2017 continuing as another successful year. It's anticipated that growth and development will remain continuous and steady. Our employee workforce is well established and capable. The city's operational equipment, for the most part, is in good shape. During the year there are no plans for additional personal or major equipment purchases. The budgeted and planned road maintenance activities will continue along with other budgeted projects. As in the past there will be some unexpected items and issues that will appear along the way and, as in the past, they will be dealt with accordingly.

2) Industrial Park Development

Staff continues to work with the Industrial Park developer in obtaining another new manufacturing company. There are no additional updates at this writing. Staff is also working with Ruggles & Bohm Engineering for a plan to expand utility services to the park.

3) Court Expansion

Due to the increase in court docket cases an increase in the number of court dates is necessary. Currently there are three-court dockets and one walk-in docket per month. The plan is to eliminate the walk-in docket and move to four-court dockets a month.

4) Miscellaneous Items

•

- Wastewater Plant Expansion
 - ✓ On Schedule
 - 45th Street multipurpose walkway
 - ✓ Construction to begin in February (weather permitting)
- 2017 City Election
 - ✓ By law it is now scheduled for November
- Community Building Rental Fees
 - ✓ Increase being considered

5) Economic Development

- One new single family housing permit for 2017
- Watercress Apartments
 - On schedule
- Baxter Dental Clinic is now open
- Heartland Credit Union to open in April

TO: Maize City Council

FROM: Jeff Greep, Code Enforcement Officers

RE: 2016 Fourth Quarter Summary

The following is a summary intended to keep the Council apprised of the status of ongoing code enforcement violations. In addition to the major violations listed below, code enforcement has written approximately 47 other violations (most of which have been corrected) for trash, junk cars, etc. this quarter. Additionally, 8 stop work orders, 104 storm water notices of violation were written. If storm water BMPs were not corrected in a timely manner, the City had BMPs installed.

- Housing Case #23: 120 W. Academy House and garage need roof, siding, and window repairs and paint. They have started repairing siding and have done some painting. (On going since 7-21-2014 – Owner is elderly and in bad health). I got a group to paint the house on cleanup day 2016.
- 2. 109 Khedive There is an individual who seems to be interested in purchasing the property to refurbish. They were not able to get clear title. They may have to wait until it sells at the Tax Sale next year. (Waiting on the Tax Sale) Estate paid part of the back taxes; the tax sale was put off for 2 years.
- 111 N. King The owner has been notified that he needs to fix the fence, mow, and remove the mobile from the property. The mobile home has been removed. The grass and brush has also been mowed and cut down. He is currently working on repairing the fencing. Fence is repaired and is working on getting his salvage license. (Ongoing -Becky)
- 4. 110 N. Park Has built new storage building to help correct violations on property. The owner is working to remove the salvage materials from the property and is going to store them in the new building. (On going Becky)
- 5. 200/300 Block of Albert Mobile Home Court has mowed and is hauling off limbs and trash to help correct violations on property. (On going) (Lawsuit with the City)
- 9035 W 61st N Citation issued for junk, tall weeds, brush. Dismissed after property was mowed, trash removed and fence installed. The owner passed away. On 5/18/2016 a new notice was sent out and staff determined City will have to clean up. Case referred to Ron and Richard.
