MAIZE CITY COUNCIL SPECIAL MEETING MONDAY, AUGUST 6, 2018

AGENDA ITEM 6A

<u>ITEM:</u> Final plat of Villas at Hampton Lakes (**S/D 01-018**) and **Z-04-018** Zone change for approximately 9.85 acres from LC Limited Commercial to MF-18 Multi-Family

BACKGROUND:

Plat S/D 01-018

This is a 13-lot final plat for 9.85 acres on the north side of Hampton Lakes between Parkdale and Ranch Road. The developer proposes to construct 13 triplex and duplex units that will be an extension of similar development to the south of this property

The Planning Commission unanimously recommended approval of the plat at their June 7th meeting. All conditions for approval have been met. A copy of the staff report that was presented to the Planning Commission is attached, along with the plat and a map showing its general location.

Zoning Change Z-04-018

The applicant is requesting a rezoning in order to more accurately reflect the actual development of the property. The developer has plans to construct tri-plexes and duplexes on the property, which would be allowed under the current zoning classification of LC Limited Commercial zoning.

MF-18 zoning will eliminate all other commercial uses that could be developed in the future and would limit the property to being developed in the manner in which the developer is platting it for.

The Planning Commission unanimously recommended approval of this request on Thursday, July 12, 2018. A copy of the Staff Report and supporting material that was presented to the Planning Commission is enclosed for your information.

<u>FINANCIAL CONSIDERATIONS:</u> The applicant will submit all applicable petitions for public improvements.

LEGAL CONSIDERATIONS: The final plat document has been reviewed and approved as to form by the City Attorney and the County Surveyor. All utilities have reviewed the plat and requested additions have been incorporated. Additionally, the City Attorney has reviewed and approved Ordinance as to form.

RECOMMENDATION/ACTION:

- 1. Accept the Villas at Hampton Lakes Addition final plat S/D 01-018, with plat to be filed with the County Register of Deeds; and
- 2. Approve and adopt the Ordinance for a zone change within Maize city limits for Z-04-018.

Planning Staff recommends approval of the plat subject to the following comments:

- A. City Engineering needs to comment on the status of the applicant's drainage plan.
- B. "Recording Secretary" needs to be changed to Sue Villarreal.
- C. This property is in Area C on the FEMA flood map, not in the floodplain.
- D. Minimum pad elevations for all lots need to be shown.
- E. The applicant shall install or guarantee the installation of all utilities and facilities which are applicable (water service and fire hydrants required for fire protection shall be as per the direction and approval of the Chief of the Sedgwick County Fire Department.)
- F. To receive mail delivery without delay, and to avoid unnecessary expense, the applicant is advised of the necessity to meet with the U.S. Postal Service Growth Management Coordinator (Phone 316-946-4556) prior to development of the plat so that the type of delivery, and the tentative mailbox location can be determined.
- G. The applicant is advised that various State and Federal requirements (specifically but not limited to the Army Corps of Engineers, Kanopolis Project Office, Rt. 1, Box 317, Valley Center, KS 67147) for the control of soil and wind erosion and the protection of wetlands may impact how this site can be developed. It is the applicant's responsibility to contact all appropriate agencies to determine any such requirements.
- H. The owner of the subdivision should note that any construction that results in earthwork activities that will disturb

one (1) acre or more of ground cover requires a Federal/State NPDES Storm Water Discharge Permit from the

- I. Kansas Department of Health and Environment in Topeka. Also, for projects located within the City of Maize, erosion and sediment control devices must be used on ALL projects.
- J. Perimeter closure computations shall be submitted with the final plat tracing.
- K. Recording of the plat within thirty (30) days after approval by the City Council.
- L. The representatives from the <u>utility companies</u> should be prepared to comment on the need for any additional utility easements to be platted on this property.
- M. The applicant is reminded that a flash drive shall be submitted with the final plat tracing to the City of Maize detailing this plat in digital format in AutoCAD, or sent via e-mail to kedgington@cityofmaize.org. This will be used by the County GIS Department.

STAFF REPORT

CASE NUMBER: Z-04-018

OWNER/APPLICANT: Hampton Lakes, LLC and

Schellenberg Properties, LLC

7626 W 21st St N Wichita, KS 67205

AGENT: MKEC

c/o Brian Lindebak 411 N Webb Road Wichita, KS 67206

GENERAL LOCATION: On the north side of Hampton Lakes Road between Parkdale Circle and Ranch Road

SITE SIZE: 9.85 acres

CURRENT ZONING: LC Limited Commercial

PROPOSED ZONING: MF-18 Multi-Family Residential

PROPOSED USE: Tri-plex development

<u>BACKGROUND</u>: This property is part of a quarter section of land that was rezoned to Limited Commercial zoning approximately fifteen years ago. There is a sizable portion of the larger tract that has been developed with tri-plexes and the developer would like to expand this development. The downzoning to MF-18 would restrict out any possible commercial uses and limit the property to only those allowed in Multi-Family zoning.

The proposed use would be allowed in under the current zoning, however the developer is requesting a downzoning to more accurately reflect the actual land use of the property.

A one-step final plat for the property was reviewed and recommended for approval by the Planning Commission in June, 2018 and will be forwarded to the City Council later this month.

ADJACENT ZONING AND LAND USE:

NORTH: "SF-5" Single-Family Residential Undeveloped/Future by-pass ROW

SOUTH: "LC" Limited Commercial Tri-plexes EAST: "LC" Limited Commercial Hotel

WEST: "LC" Limited Commercial Single-Family Residential

<u>PUBLIC SERVICES:</u> Hampton Lakes is a 2-lane collector with 64 feet of right-of-way. No additional dedication of right of way is necessary. This site does have access to municipal water and sewer service.

CONFORMANCE TO PLANS/POLICIES: This property is recognized in the adopted Maize Comprehensive Plan as appropriate for urban residential development with a commercial corridor along Maize Road. The area proposed for rezoning to MF-18 is more restrictive than what is currently allowed.

RECOMMENDATION: The proposed change could be an appropriate use of land given the currently allowed use is less restrictive than the requested use. Staff would recommend that the request be <u>APPROVED.</u>

This recommendation is based on the following findings:

- 1. The zoning, uses and character of the neighborhood: This property is located within an area that is currently agricultural and residential in character, with commercial uses farther to the east. The type of proposed use would be compatible with both residential and commercial uses and would be appropriate for location adjacent to a future bypass.
- 2. The suitability of the subject property for the uses to which it has been restricted: The property is zoned for commercial but is not likely to be developed as such due to the configuration of the property and lack of direct access to Maize Road.
- 3. Extent to which removal of the restrictions will detrimentally affect nearby property: No negative effects are expected.
- 4. <u>Conformance of the requested change to the adopted or recognized Comprehensive Plan and Policies</u>: The City of Maize Comprehensive Plan contemplates property is appropriate for urban residential.
- 5. <u>Impact of the proposed development on community facilities</u>: The requested zone change would introduce a less intensive land use than what is currently permitted. The City's municipal service systems have been designed to adequately support this type of development. Adequate right-of-way is already in place. Municipal water and sewer service would be available upon demonstration of need.
